

YOUTH LEADER MAGAZINE SPECIAL ISSUE BOSNIA-HERZEGOVINA

As Positive News + Action Magazine, this special issue is a gift to BiH and Europe to amplify positive change by enabling Readers to turn into Users through inspiration, solutions, action opportunities, access to support and local, national and global allies to team up with. It shapes positive view of youth, people power, our future, and creates an Enabling Environment for youth to self-organize projects and lead a life with purpose at home, school and work. **It's fresh, fun, unique and needed. Join us and help make it the best it can be!**

To add a touch of adventure, I mix in my views from a youth leadership perspective, and anecdotes of encounters with people telling me of life in BiH, asking readers if they agree :-)) making me sort of a tour guide for European students and teachers reading this and are invited to connect, visit and create the BiH, Balkans and Europe we love! *Eric, YL Captain*
